

Featuring the finest

All roads lead to Johannesburg in mid-May as the 2nd Africa Health Exhibition takes place at the National Exhibition Centre. With 6000 sq m of exhibition space, it is the largest medical exhibition ever to take place on the continent of Africa

The Africa Health Exhibition will take place from 9–11 May 2012, and will feature the latest innovations and developments in medical equipment and solutions from leaders in the healthcare industry such as Draeger, Karl Storz, Maquet, Fuji, Terumo, Siemens and many more. For visitors it is the chance to meet with the leading multinational healthcare companies, and gain first hand experience with their solutions.

About Africa Health

The event is a major three-day exhibition and congress held in South Africa dedicated to all healthcare professionals and medical trade buyers. Africa Health is an integral part of Informa Exhibitions' successful Life Sciences portfolio. It is also the sister event of Arab Health, the second largest healthcare event in the world, Mediconnex in Cairo, Egypt (in April), and MedicWestAfrica in Lagos Nigeria (in October). Africa Health Exhibition & Congress provides a unique platform for the world's leading manufacturers, wholesalers and distributors to meet with the medical community from the sub-Saharan Africa region and beyond. The first edition of Africa Health was launched in May 2011 and was a great success with over 290 exhibitors including leading companies such as Siemens, Fujifilm, Karl Storz, Nihon, Kohden, Agfa, Maquet, ArjoHuntleigh, Unicore and many more. Over 30 nations were represented including pavilions from China, Germany, France, Korea, India, Taiwan, Italy, Bavaria, USA and Iran.

Over 35% of exhibition space was rebooked on-site for 2012, demonstrating the success of the first edition of Africa Health. The event is set to follow in the footsteps of its sister event, Arab Health.

As Governments increasingly prioritise healthcare and the importance of providing quality services so the opportunities for public-private partnerships increase. Infrastructure developments, as well as drug supply, especially in primary healthcare, will be the main focus in the coming years.

Show Profile 2012

- 6000 square meters of exhibition floorspace representing a significant increase compared to 2011.
- Africa Health Congress: 14 CPD-accredited medical conferences

The Organisers

Informa Exhibitions is part of Informa plc, the leading international provider of specialist information and services for the academic and scientific, professional and commercial business communities. Informa has more than

150 offices in more than 40 countries, employs over 9,000 staff globally and is the largest publicly owned organiser of conferences and courses in the world with an output of over 10,000 events annually. For more than 35 years Informa Exhibitions has been the leader in facilitating business knowledge and skills delivered through cutting edge conferences, training programmes and industry led exhibitions. Operating in the Middle East since 1993 we are the leading event organiser regionally and are now expanding fast in Africa. Key expertise allows us to identify trends ahead of the curve by responding quickly to market needs to bring global thought leaders and industry experts into the region. Our conferences are renowned for getting to the heart of the matter. The relentless pursuit for excellence is reflected through the most competent of event researchers and managers, ensuring the latest schools of thought and lively debate. Featuring key industry experts and senior representatives from the world's biggest and most forward looking organisations, you will hear from seasoned practitioners who have the solutions to the challenges facing your business today. Informa Exhibitions is the largest trade and consumer event business in the Middle East. Our current portfolio extends to over 40 large scale events across all industry areas – located from Dubai to Singapore, Abu Dhabi to Beijing, New York to Mumbai, and many more of the most established business hubs across the globe. Running alongside our show brands you will find a vast array of conferences, training courses, publications, industry awards, market intelligence and networking functions. The South African branch of Informa Exhibitions commenced operations in 1990 and now runs 150 conferences and 250 training courses per annum. In each sector Informa Exhibitions South Africa develops annual and large scale events as well as innovative and topical

new conference programs. The audience consists mainly of South African decision-makers, but our events attract a growing number of global and Pan-African delegates especially from neighbouring Namibia, Botswana and Zimbabwe. Informa Exhibitions is serious about nurturing talent and providing a professional portfolio of skills that will take both you and your organisation to an optimum level of excellence.

The following conferences will be held at this year's Africa Health Congress:

- 2nd African Imaging and Radiology Conference 2012
- 2nd Medlab Conference 2012: Near-Patient Diagnostics
- Pan-African Internal Medicine Review 2012
- 2nd Pan-African Infectious Diseases Conference 2012
- 2nd Quality & Accreditation in Healthcare Conference 2012
- 2nd Leaders in Healthcare – Africa 2012
- 2nd Ethics, Human Rights and Medical Law Conference
- 2nd African Surgery Conference
- m+Health: Healthcare in the palm of your hand
- Healthcare Management Conference
- Pan-African Paediatrics Conference 2012
- Pan-African Orthopaedics Conference 2012

To give you a flavour of the extensive conference programme, herewith the highlights of a selection of the meetings:

Conference 1

Leaders in Healthcare – Africa

'The Changing Landscape of Africa's Healthcare'

Agenda: Wednesday, 9 May 2012

An overview by your Chairman and Introduction of your Keynote

Dr Norman Mabasa, Chairman, South African Medical Association, South Africa

Opening Keynote

Why Africa needs a Passionate Overhaul and How Will it be Addressed

This presentation will explain South Africa's responsible role in Africa, how it sets the tone for a regional overhaul. *His Excellency Dr Aaron Motsoaledi, Minister of Health, South Africa (invited)*

Coffee Break

The Effects of Healthcare Privatisation in the Region
Privatisation has been implemented successfully across the globe. Considering South Africa's leading role in the region, its dependant neighbours and an emerging economy waiting to boom, how should Privatisation take effect in the short and long term?

Senior Panel Discussion

The Impact of Technology in Healthcare?

Financial constraints have always debated the adoption of technology versus investment in primary care. Does technology really drive costs or improve quality?

HR (Human Resources) – The real reason why we can't we retain them

Besides an insatiable appetite for growth the industry has a shortage of ancillary resources. The reasons are obvious and are being addressed but how long will it take to reverse the effects of this change via training, policy changes and cross border migration?

Bassam Al Sayad, Chief Operating Officer, Corniche Hospital, Abu Dhabi, UAE, Johns Hopkins Medicine International, and Faculty Associate, Johns Hopkins Bloomberg School of Public Health, Department of Health Policy and Management, USA

Close of Conference

Conference 2

Pan-African internal Medicine Review 2012

Thursday, 10 May 2012

Opening Remarks: Role of Primary Care in the Proposed NHI

Dr. Jane Doherty, Independent Research, Part-Time Lecturer, Wits School of Public Health, Johannesburg, South Africa

RHEUMATOLOGY

Dr. Mohamed A. Makda, Consultant Physician/Rheumatologist, Division of Rheumatology, Chris Hani Baragwanath Hospital, Johannesburg, South Africa

Osteoporosis

HIV: Latest Advances

Sirraaj Adams, Senior Manager, HIV Department, Metropolitan Health Risk Management, Cape Town, South Africa
HIV and Kidney Disease

Prof. Saraladevi Naicker, Professor and Head, Division of Nephrology, Academic Head, Department of Internal Medicine, University of the Witwatersrand, Johannesburg, South Africa

Lunch Break

DERMATOLOGY

Moderator: Dr. Noreen Nisa Moti, Dermatologist, Johannesburg,

Skin Surgery and Procedures for the GP

Dr. MB Roscher, Director, Dermatological Surgery, Department of Dermatology, Nelson R. Mandela School of Medicine, University of KZN, Medical Director, Skin Centre: Skin and Laser Surgery Centre, Durban, South Africa

Common Skin Conditions

Dr. Nokubonga Khoza, Dermatologist, University of KwaZulu-Natal, Durban, South Africa

HIV and Skin

Dr. Ncoza Dlova, Dermatology Department, University of KwaZulu-Natal, Durban, South Africa

COFFEE BREAK

PULMONOLOGY

Tuberculosis: Diagnosis and Management

Prof. Michelle Wong, Head, Division of Pulmonology, Chris Hani Baragwanath Academic Hospital, Johannesburg, South Africa

Community Acquired Pneumonia

Prof. Charles Feldman, Head, Division of Pulmonology, School of Clinical Medicine, University of the Witwatersrand, Johannesburg, South Africa

Discussion

Close of Day One

CARDIOLOGY

An Approach to a Patient with Chest Pain

Dr. M.R. Nethononda, MBChB, Mmed, DPhil (Oxford), FCP (SA), Consultant in Cardiology and Cardiac MRI, Chris Hani Baragwanath Academic Hospital, Wits University Donald Gordon Hospital, Johannesburg, South Africa

An Approach to Tachycardia

Dr. Michael Rory Alison, Cardiologist, Sunninghill Hospital, Johannesburg, South Africa

Heart Failure Management

Dr. Riaz Dawood, Cardiologist, Chris Hani Baragwanath Academic Hospital, University of the Witwatersrand, Johannesburg, South Africa

COFFEE BREAK

ENDOCRINOLOGY

Diabetes: New Practice Guidelines

Dr. Zaheer Bayat, Specialist Endocrinologist, Chair of Post Graduate Committee, Department of Internal Medicine, Faculty of Health Sciences, University of the Witwatersrand, Johannesburg, South Africa

LUNCH

GASTROENTEROLOGY

Moderator: Dr. Peter Barrow, Gastroenterologist, WITS Donald Gordon Medical Centre, Johannesburg, South Africa

Practical Approach to Iron Deficiency Anaemia

Dr. Peter Barrow, Gastroenterologist, WITS Donald Gordon Medical Centre, Johannesburg, South Africa

Acid Peptic Disease

Dr. Kay Karlsson, Endoscopy Unit Director, WITS Gordon Medical Centre, Johannesburg, South Africa

An Approach to Chronic Diarrhoea

Dr. Trevlyn Burger, Consultant Gastroenterologist, University of the Witwatersrand, Johannesburg, South Africa

COFFEE BREAK

OBSTETRICS AND GYNAECOLOGY

Moderator: Dr. Francois Lubbe, Gynaecologist and Obstetrician, Mayo Clinic, Johannesburg, South Africa

An Introduction to Laparoscopic Hysterectomy

Dr. Francois Lubbe, Gynaecologist and Obstetrician, Mayo Clinic, Johannesburg, South Africa

Contraception

Dr. Peter Koll, Council Member, South African Society of Obstetricians and Gynaecologists, South Africa

Closing Remarks and End of Conference

Conference 3

**2nd Medlab: near-Patient
Diagnostics Conference**
Friday, 11 May 2012: 08:50

Opening remarks by Chair

Prof. Johan Esterhuyse, Head of Biomedical Sciences, Cape Peninsula University of Technology, Cape Town, South Africa

Quality Assurance of Near Patient Diagnostics

Dr. Akos Somoskovi, Foundation for Innovative New Diagnostics, Geneva, Switzerland

Proper Implementation of Point of Care Testing

Ms. Elsie van Schalkwyk, Director, African Centre for Integrated Laboratory Training (ACILT), Johannesburg, South Africa

Role of Pathologist in Implementation

Prof. Rajiv Erasmus, President, The South African Association for Clinical Biochemistry, Cape Town, South Africa
What Clinicians need to know about the limitations of POCT
Dr. Megan Rensburg, Consultant Clinical Pathology, National Health Laboratories, Cape Town, South Africa

Coffee Break

CHALLENGES IN POCT IMPLEMENTATION

Dilemmas faced with Evaluation of Cardiac Readers in the South African Setting

Dr. Jocelyn Naicker, Principal Chemical Pathologist, Charlotte Maxeke Johannesburg Academic Hospital NHLS Laboratory, Johannesburg, South Africa

Challenges of Implementing a Point of Care Testing Platform at an academic hospital in a developing country (Kenya)

Dr. Daniel Maina, Consultant, Pathology Department, Agha Khan Teaching Hospital, Nairobi, Kenya

Lunch Break

DISCUSSION PANEL – SOLUTION TO CHALLENGES: WHAT CAN BE DONE?

Panelists: Dr. Jocelyn Naicker, Principal Chemical Pathologist, Charlotte Maxeke Johannesburg Academic Hospital NHLS Laboratory, Johannesburg, South Africa
Dr. Daniel Maina, Consultant - Pathology Department, Agha Khan Teaching Hospital, Nairobi, Kenya
Prof. Rajiv Erasmus, President, The South African Association for Clinical Biochemistry, Cape Town, South Africa
Ms. Elsie van Schalkwyk, Director, African Centre for Integrated Laboratory Training (ACILT), Johannesburg, South Africa
Dr. Akos Somoskovi, Foundation for Innovative New Diagnostics, Geneva, Switzerland

Close of Conference

Conference 4

Pan-African Orthopaedia Conference 2012
Agenda: Friday, 11 May 2012

Opening remarks by Chair:

Dr. Ian Mackenzie Rogan, Orthopaedic Surgeon, Morning-side Mediclinic, Gauteng, South Africa

Keynote Presentation The Challenges of Orthopaedics in Africa in the 21st Century

Prof. Mkhululi Lukhele, Orthopaedic Surgeon, University of the Witwatersrand, Johannesburg, South Africa

HIP

Moderator: Dr. Leith Stewart, Orthopaedic Surgeon, Claremont Hospital, Cape Town, South Africa

ASI Approach - Anterior Supine Intermuscular

Dr. Erik De Witte, Orthopaedic Surgeon, ASZ Hospital, Aalst, Belgium

Total Hip Replacement in Africa

Dr. Leith Stewart, Orthopaedic Surgeon, Claremont Hospital, Cape Town, South Africa

Fast Track Surgery

Dr. Erik De Witte, Orthopaedic Surgeon, ASZ Hospital, Aalst, Belgium

Revision Hip Surgery

Dr. Dick van der Jagt, Orthopaedic Surgeon, Mediclinic Sandton, Gauteng, South Africa

Coffee Break

KNEE PART 1

Moderator: Dr. William D. Murrell, Consultant Orthopaedic Surgeon, Dubai Bone and Joint Centre, Dubai, UAE

Improving Outcomes after Primary TKA

Dr. Ponky Firer, Consultant Orthopaedic Surgeon, Linksfield Park Clinic, Johannesburg, South Africa

Arthroplasty in Resource Limited Africa

Prof. J.A.O. Mulimba, Chairman, Dept. of Orthopaedic Surgery, University of Nairobi, Nairobi, Kenya

The Use of PSI (Patient Specific Instrumentation) in TKA

Dr. Hannes Jonker, M.B. Ch.B (UFS), M.Med Ortho (UFS) FCS Ortho (SA), Orthopaedic Surgeon, MooiMed Private Hospital, Potchefstroom, South Africa

KNEE PART 2

Moderator: Dr. Ian Mackenzie Rogan, Orthopaedic Surgeon, Morningside Mediclinic, Gauteng, South Africa

Anatomic ACL Reconstruction

Dr. William D. Murrell, Consultant Orthopaedic Surgeon, Dubai Bone and Joint Centre, Dubai, UAE

The Challenges of Management of ACL Injuries in the Developing World

Dr. Johan L. Botha, Orthopaedic Surgeon, Morningside Mediclinic, Gauteng, South Africa

Double Bundle ACL Reconstruction – Is it Worth it?

Dr. William D. Murrell, Consultant Orthopaedic Surgeon, Dubai Bone and Joint Centre, Dubai, UAE

Coffee Break

FOOT AND ANKLE

Moderator: Dr NP Saragas, Orthopaedic Surgeon, Netcare Linksfield Hospital, Johannesburg, South Africa

Ankle Joint Preservation – Total Ankle Arthroplasty

Dr. NP Saragas, Orthopaedic Surgeon, Netcare Linksfield Hospital, Johannesburg, South Africa

Evaluation & Operative Treatment of Calcaneal Fractures

Dr. Paulo Ferrao, Orthopaedic Surgeon, Netcare Linksfield Hospital, Johannesburg, South Africa

Q & A Session Closing Remarks and End of the Conference
