**Subscription information**

For those who wish to guarantee receipt of each issue  
of the journal, there is a two-tier subscription price  
structure:

1. For Africa-based readers, and
2. For readers outside the continent of Africa

As digital technology develops so payment methods have  
become much easier than the now rather old-fashioned  
option of sending a cheque or making a formal (and  
expensive) bank transfer.

For those in the first category, copies will be airmailed to  
you from the ACHEST headquarters in Kampala.

The price is \$40 a year. Email: [AHJsubs@achest.org](mailto:AHJsubs@achest.org) for  
payment options. ACHEST is in the process of building a  
network of agents who can handle subscriptions in each  
country, thus making payments even simpler. Indicate  
what method of payment would be easiest for you and  
the ACHEST staff can respond accordingly.

For international readers the price will be \$60 per annum  
(airmail). Again, please email: [AHJsubs@achest.org](mailto:AHJsubs@achest.org) for  
payment details, which will be sent by return.

We look forward to receiving your support! Thank you.
