Subscription information

For those who wish to guarantee receipt of each issue
of the journal, there is a two-tier subscription price
structure:

1. For Africa-based readers, and
2. For readers outside the continent of Africa

As digital technology develops so payment methods have
become much easier than the now rather old-fashioned
option of sending a cheque or making a formal (and
expensive) bank transfer.

For those in the first category, copies will be airmailed to
you from the ACHEST headquarters in Kampala.

The price is \$40 a year. Email: AHJsubs@achest.org
for payment options. ACHEST is in the process of building a
network of agents who can handle subscriptions in each
country, thus making payments even simpler. Indicate
what method of payment would be easiest for you and
the ACHEST staff can respond accordingly.

For international readers the price will be \$60 per annum
(airmail). Again, please email: AHJsubs@achest.org
for payment details, which will be sent by return.

We look forward to receiving your support! Thank you.
