Subscription information

For those who wish to guarantee receipt of each issue of the journal, there is a two-tier subscription price structure:

1. For Africa-based readers, and
2. For readers outside the continent of Africa

As digital technology develops so payment methods have become much easier than the now rather old-fashioned option of sending a cheque or making a formal (and expensive) bank transfer.

For those in the first category, copies will be airmailed to you from the ACHEST headquarters in Kampala.

The price is \$40 a year. Email: AHJsubs@achest.org for payment options. ACHEST is in the process of building a network of agents who can handle subscriptions in each country, thus making payments even simpler. Indicate what method of payment would be easiest for you and the ACHEST staff can respond accordingly.

For international readers the price will be \$60 per annum (airmail). Again, please email: AHJsubs@achest.org for payment details, which will be sent by return.

We look forward to receiving your support! Thank you.
